

LEAGUE EASY WEB

Q. How quickly can I build a Web site?

A. Building a basic site, using League Easy Web's (LEW) pre-built pages, takes only an hour or two at the computer. A few Leagues built their site and got board approval in just days.

Q. What is the process to build a site?

A. The "LEWMaster" only needs a computer on the Internet and a browser. Once signed in to League Easy Web, you fill out a registration form with information about your League. We generate a set of pre-built pages which you can modify to fit your League. Print out the pages and take them to the Board for approval.

Q. What kind of training does the LEWmaster need?

A. Our users agree LEW really is easy. You don't need to know HTML (but can use some if you know it). <http://lwvnet.org/easyweb/help/> has a Frequently Asked Question (FAQ) section with all the information you need to build your site by filling in the forms.

Q. Can I make a web page on any subject our League wants?

A. Yes, you can add as many pages as you want. You can replace the pre-built pages with your own.

Q. May we change the layout of the page? We'd like a different look.

A. Only certain aspects. All League Easy Web sites look generally the same, which helps establish a "branding" for our organization. This look was chosen to resemble the LWVUS Web site and is updated whenever LWV.org changes its appearance.

Q. What help do you offer if I have a question or run into a problem?

A. Our webmistress at support@lwvnet.org tries to answer every email message within 24 hours. There are back-up people monitoring that email address, too. She can log into your LEW site and see the same thing that you see. She will share her phone number with you.

Q. We already have a Web site. Should we convert to LEW?

A. Consider it. About 50% of the users who started using LEW converted from a conventional Web site. Some Leagues have even switched back and forth!

Q. How much does it cost?

A. The annual fee is \$200 with a one-time setup fee of \$100. The only other cost you *might* incur is a small (\$10-15 per year) fee for the optional use of a domain name of your choice (e.g. <http://lwvyourleague.org>) payable directly to the domain name registration company.

Q. What will be the Web address of our site?

A. We recommend you buy your own domain name (see previous question). If you don't, your Web site address will be: www.yourleague.st.lwvnet.org (where "yourleague" identifies your League and "st" is your state's two letter code).
